PROVISION AND PROTECTION

God Provides and Protects

"Because thou hast made the LORD, which is my refuge, even the most High, thy habitation; There shall no evil befall thee, neither shall any plague come nigh thy dwelling. For he shall give his angels charge over thee...and the dragon shalt thou trample under feet." (Ps. 91:9-13)

There are dragons in the land. There always have been. And there has always been a holy call for defenders to challenge dragons. This is a central message of history, and it points to the defining conflict of the ages.

From the beginning of time, the world has been engaged in an epic battle between the Seed of the Woman and the Seed of the Serpent. In fact, the greatest military conflict known to man pales in comparison to this war.

But for more than six thousand years of earth history, there has been one simple response to this and every crisis known to man: God provides.

Our Heavenly Father provides for His children. Not always when we want or how we want—but God provides.

There is a second response to our battle woes: God protects; He watches over those He loves; He provides defenders to safeguard His people and strength so men stand firm.

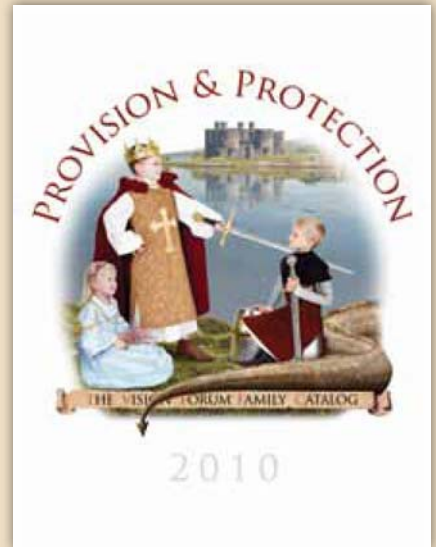

One way God provides and protects is to equip his warrior children for battle.

He reminds us that, as sons of God, we have dragons to slay. Yet our strength is not our own. As He promised the father of our faith: "Fear not, Abram: I am thy shield, and thy exceeding great reward." (Genesis 15:1).

It is God who equips us with the strength to overcome our adversaries: "Blessed be the LORD my strength, which teacheth my hands to war, and my fingers to fight: My goodness...my deliverer; my shield, and He in whom I trust" (Psalm 144:1-2).

Our Heavenly Father models what earthly fathers must do—provide for their own. He who fails to provide "is worse than an infidel" (1 Timothy 5:8). While our dependence is on our Eternal Benefactor, wise and godly parents prepare their children for warfare.

Our catalog is intended to provide parents with key resources they need to defend the faith and advance Christ's kingdom interests. That is why we include tools that affirm the authority of Scripture and our Great Commission

mandate to teach "all things whatsoever I have commanded." It is also why we are unapologetic in defense of the blessing of children, the nobility of womanhood, the necessity of manly leadership, and the need to build a culture of virtuous boyhood and girlhood.

As we face economic uncertainty and political confusion, we must fully acknowledge that "God provides"—that it is He, not we, who shall "supply all [our] need according to His riches in glory by Christ Jesus" (Philippians 4:19).

No matter what comes, this truth is sure: We serve the Victor, and we can be confident that He will provide us with the means to protect our homes, families, and nation against the Serpent's minions who seek to subvert His kingdom purpose, for "Through God we shall do valiantly: for He it is that shall tread down our enemies" (Psalm 60:12).

God provides and protects!

WAR OF THE WORLDVIEWS

The War at World's End MYSTERIOUS ISLANDS

At the far end of the world, there exists a strange and unusual chain of islands, resting above vast tectonic plates.

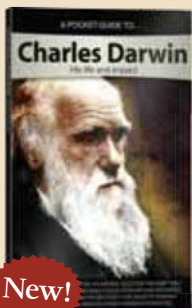

This is the world of the Galápagos Archipelago, home to salt-spitting marine iguanas, flightless cormorants, and giant tortoises that can live to be more than 150 years of age. It is also the birthplace of Darwinism, for here in 1835, a young Charles Darwin began to formulate a theory which would turn the world upside down. More than a century and a half later, these mysterious islands remain at the center of a controversy that has shaped the way modern men perceive science, religion, and life itself. The unique ingredients found on the Galápagos have led many of Darwin's followers to describe it as Darwin's Eden—a "laboratory of evolution."

Now, for the 200th anniversary of Darwin's birth and the 150th of his seminal work, *On the Origin of Species*,

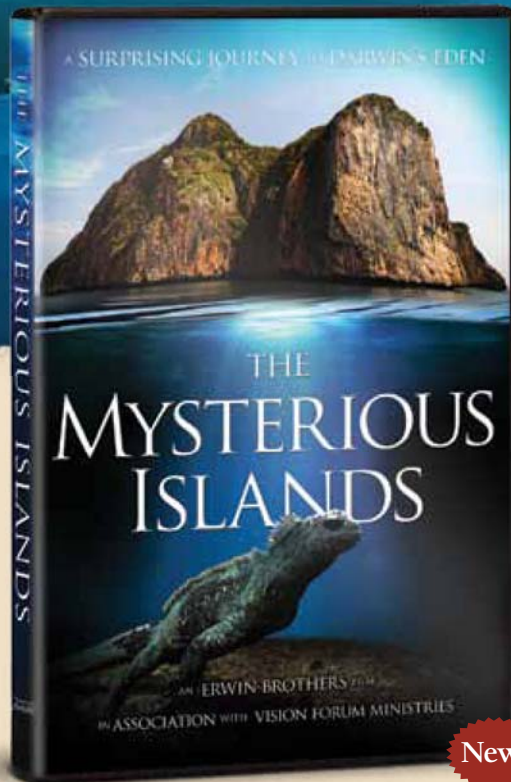

Doug Phillips leads a team of Christian scientists and investigators to this "ground zero" in the war of

the worldviews. Seen through the eyes of 16-year-old Joshua Phillips, who joins his father and noted researchers like Dr. John Morris of the Institute for Creation Research, *The Mysterious Islands* is the story of one boy's search for answers to the great controversy of the modern world. It is a refreshing father-and-son adventure that combines cinematically breathtaking footage with high adventure. The quest: to determine whether the Galápagos Islands are a laboratory of evolution, or a testimony to creation.

An Overview of Six Thousand Years of History

THE HISTORY OF THE WORLD MEGA-CONFERENCE COLLECTION

The powerful messages contained in this complete curriculum series provide a panorama of six thousand years of earth history in a sweeping overview designed to dispel anti-Christian myths of historiography, establish a distinctively biblical grid for interpreting historical events, and cover key themes in the rise and fall of civilizations. Covering the first four millennia of earth history, *B.C.* contains twenty lectures on topics such as the pre-Flood world, the history of ancient Babylon, the Hebrew nation, the establishment of Rome, and ancient legal systems. Beginning with Christ's incarnation, *A.D.* covers the rise of Byzantium and fall of Rome, the history of the Church, the history of the law of nations, Islam, the establishment of America, and a review of the twentieth century. Completing this curriculum, the newly-released Study Guide follows the 10 DVD lectures with summaries, outlines, and detailed notes for further study, complete with definitions, suggested reading, and Scripture memory. Each lecture emphasizes the providence of God over every detail of history—that Christ is the "author and finisher of our faith" (Hebrews 12:2).

THE LITTLE BOY DOWN THE ROAD

Short Stories and Essays on the Beauty of Family Life

By Doug Phillips

The most beautiful and life-changing stories are not found in the pages of newspapers, but in the everyday events in the life of the Christian family. They are the stories of boys who long for their fathers, of husbands who become better men because of the love of faithful brides, and of little girls who learn to dream great dreams for God. These are moments that really matter—the ones that count for eternity.

The Little Boy Down the Road is a collection of humorous short stories on family and fatherhood that reveal the beauty of the Christian household. Doug gives readers a very personal look at the challenges, losses, and victories of life with his own family of ten. Discover the blessing of family

eccentricities and the gentle art of "homeschool opera." Meet a courageous woman whose decision to choose life paved the way for generations. Learn how wise fathers build manly libraries. Meet an ensemble of animals—from Penumbra the Goat to Goose Quixote and Buddy the Hamster—laugh as Doug shares theories on how God uses our children's relationships with pets to teach important lessons. And before you leave the Phillips family, meet the little boy who waits faithfully for his father at the end of the road. Hardback. 219 pgs. 48575 | \$18 

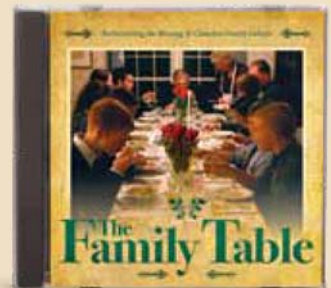

"Doug is a great storyteller, and I'm delighted that he's put together this collection as a way of displaying his passion for family discipleship."

Families can embrace mealtime as an opportunity to commune with one another and glorify God. 2 CDs. 89 mins. 87434 | \$12

Manly Conversations that Can Change Culture

Fathers need to begin speaking to their sons about Christian manhood. But the conversation can't be aimless or trivial. ALREADY GONE New!

Why Your Kids Will Quit Church & What You Can Do About It

By Ken Ham

The evidence is in: Young people who attend conservative Sunday Schools and Church youth groups are more likely to leave the church than those who do not—and to doubt the Bible's reliability. This is the startling conclusion reached by Ken Ham and veteran researcher Brit Beemer in their new book, *Already Gone*. This book is an alarming wake-up call. While they stop short of calling for the eradication of Sunday Schools and Youth Groups, their groundbreaking research is incredibly valuable for those who desire to understand our youth's abandonment of the faith. The

DVD by Ken Ham further supplements this timely message.

Passionate Housewives Desperate for God

PASSIONATE HOUSEWIVES: DESPERATE FOR GOD

Fresh Vision for the Hopeful Homemaker

By Jennie Chancey and Stacy McDonald

Have you struggled to reconcile God's vision of virtuous womanhood with worldly myths that marginalize and mock the role of the homemaker? Do you wrestle with cultural messages that demean the homemaker's calling and exalt instead the emotionally

androgynous power-woman—the wife whose worth is measured only by the degree of her ambition, the shape of her body, or her money-making skills? Such is the image of the “desperate housewife.” In a delightfully fresh and honest way, this book addresses these issues head-on and provides fresh vision for the hopeful homemaker. Hear a former “Christian” feminist share how she went from a die-hard homemaker-in-training to a dedicated career woman and then back again—after God gripped her heart. See the hollow counterfeit of whitewashed feminism and “me-ology” destroyed. And consider the beautiful picture painted in Scripture of the truly fulfilled homemaker who glories in the hopeful calling God created for her. Paperback. 232 pgs. 84332 | \$16

“Totally grounded in Scripture, this book winsomely presents the true picture of a godly homemaker. Prepare to be stimulated, challenged, and encouraged as a woman. This book is a real gem!”

After the publication of their acclaimed book, *So Much More*, Anna Sofia and Elizabeth Botkin are taking the message of visionary daughterhood into a new medium. This highly-controversial documentary will take viewers into the homes of several young women who have dared to defy today's anti-family culture in pursuit of a biblical approach to daughterhood, using their in-between years to pioneer a new culture of strength and dignity and to rebuild Western Civilization, starting with the culture of the home. FAMILY VISION

THE WISE WOMAN'S GUIDE TO BLESSING HER HUSBAND'S VISION

By Douglas W. Phillips

Praise the Lord for blessed encouragement and practical wisdom for wives who want to honor Christ and build up their husbands. Why? The Christian community is full of ladies discouraged because their husbands lack vision to lead the family with gusto. Sometimes wives contribute to the problem through a wrong response. But the great news is that the Bible

anticipates this crisis of male leadership in the home and provides clear direction for wives. This mini course is a practical guide that goes Scripture by Scripture, presenting wives with extremely helpful insights that can transform marriages. 2 CDs. 104 mins. 68221 | \$12

Miller carefully addresses each member of the family, managing to find the perfect balance between inspiration and exhortation. This book is a staple in the

The Reformers' Case for Patriarchy

FAMILY REFORMATION

The Legacy of Sola Scriptura in Calvin's Geneva by Scott Brown

"This may well be one of the best and most helpful marriage and family books on the market today."

—DR. JOEL BEEKE, PRESIDENT, PURITAN REFORMED THEOLOGICAL SEMINARY

Like no other Reformer, John Calvin provided the exegetical precision that defined the terms for a biblical vision of family life. With crystal clarity he explained the details of how the family had exchanged the glory of God for a lie. We should be thankful to this dear brother for excavating the gold mines of the Bible and exposing the raw biblical language and bedrock principles that form the doctrine of the Christian family. While he never wrote a book on the family, he touched off a family reformation. He was the instigator of a massive restructuring of the most fundamental institution of society. Why Our Children's Identities are Being Stolen by the World, and What We Can Do about It
By Doug Phillips

Whether it's the latest fashion trend or teen pop sensation, the world is constantly vying for our children's affections. The core crisis is "identity theft": rather than identify with Christ, the world would have us reflect its customs. In this message, Doug Phillips addresses such hot topics as body piercing, tattoos, and male effeminacy, reminding us that as children of God we should identify with Him. 2 CDs. How to Be the Right Man for Her New!

WHAT HE MUST BE TO MARRY MY DAUGHTER

By Voddie Baucham, Jr.

What will you say when that certain young man sits down in your living room, sweaty-palmed and tongue-tied, and asks permission to marry your daughter? What criteria should he meet? Thankfully, God has given us a clear picture of the role of the husband/father in the home, and in *What He Must Be...If He Wants to Marry My Daughter*, Dr. Voddie Baucham breaks this picture down into ten desirable qualities. Not only should parents of young women seek these qualities in a son-in-law, but parents of young men should cultivate them in their sons. In the companion CD, *The Four Ps*, Voddie establishes that he must be a prophet, priest, provider & protector.

An Ancient Christian Tale PRINCESS ADELINA: AN ANCIENT CHRISTIAN TALE OF BEAUTY AND BRAVERY

Retold by Julie Sutter

From across the ages—thirteen centuries ago, when the fearless Scottish and Irish missionary bands were sent out from the Isle of Iona—comes the story of a virtuous young woman of unshakable faith, filled with determination to fulfill the role to which God has called her. She finds herself whisked away from a simple life to become the queen of a kingdom where she wrestles with temptations from her

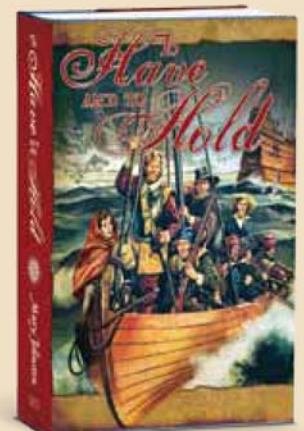

past and faces down enemies intent on her demise. Based on a true story, this Esther-like tale recounts the deeds of the courageous Adelina of the ancient German Culdee church as she endures and overcomes persecution, slander, exile, and the impending destruction of her people. In the end, she is used by God to see the hope of the Gospel of Jesus Christ shine forth and prevail! Hardback. 211 pgs. 47832 | \$18

FAITH OF OUR FATHERS

THE LEAGUE OF GRATEFUL SONS

Faithful Heroes Remembered

What is the godly legacy of the fathers of World War II? Their story has not been told—until now!

More than 406,000 American men died during the Second World War, leaving an estimated 183,000 children fatherless. Hundreds of thousands of other fathers did return from war, some who tragically never

connected with their children. But within the ranks of the survivors and the heroic dead were a remarkable collection of men who made it a life mission to speak of the providences of God and the meaning of manhood to the boys who would fill their shoes. Through wartime letters and present-day pilgrimages to the bloody battlefields of their youth, the ancient warriors have spoken. Their thankful children rise to

“As a leader, you’ve got to lead . . . You don’t say, ‘Go take Hill 32, boys.’ You say, ‘C’mon boys, we’re taking Hill 32.’ No, I did not fear death. My main concern was that I did not want to . . . disappoint my father. . . . You see, he was a Christian.”

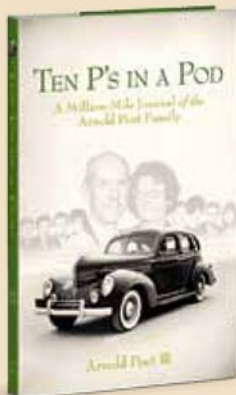

—“COLONEL” BILL HENDERSON,

honor and surpass their legacy. They are “The League of Grateful Sons.”

Meet tough-as-nails Marine “Colonel” Bill Henderson. He survived thirty-six days of brutal fighting on Iwo Jima. Meet P-51 Mustang flyboy Bill Brown. He was shot down over Japan, but survived to train generations to sing praises to God. Now in their eighties, these ancient warriors return to the

black sands of Iwo Jima to disciple a new generation in the art of Christian manhood. Shot on location on Iwo Jima, Guam, Hawaii, and in Texas, and directed by veteran filmmaker Geoff Botkin, *The League of Grateful Sons* will leave you grateful for America’s heroic fathers and motivated to surpass their legacy. TEN P'S IN A POD

A Million-Mile Journey of the Arnold Pent Family

By Arnold Pent, III

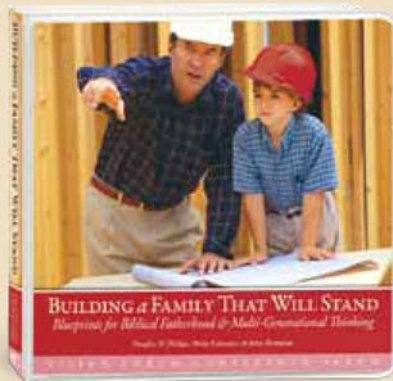

Future historians may look back on the Arnold Pent family as the “first modern homeschool family.” Before there were homeschooling organizations, Mr. Pent declared his independence from government education and his dependence on Christ in the training of his children. No one told him to do this. He simply read the Bible and determined to obey God—regardless of the outcome. Mr. Pent discovered something that all fathers would be well advised to consider: The most God-blessed expressions of biblical fatherhood are cultivated by taking the path less traveled. Over the years, the endearing stories of family life found in such classics as Kathryn Forbes’ *Mama’s Bank Account*, Clarence Day’s *Life with Father*, and Frank Gilbreth’s *Cheaper by the Dozen* have delighted readers. This book combines the best elements of those classics, but with an uncompromising Gospel message. After five years in print, *Ten P’s in a Pod* remains a Vision Forum best-seller.

BUILDING A FAMILY THAT WILL STAND

Blueprints for Fatherhood & Multigenerational Thinking

God is touching the hearts of a growing number of Christian fathers with a hunger to learn more about biblical manhood. This quiet revival is taking place in homes where tender fathers are standing before their wives and children, repenting for their lack of vision and leadership, and re-committing themselves to God's priorities for men. With this revival comes the awareness that Christian men need to make dramatic changes in their lives. The goal of these CDs is to encourage men to see "the big picture." Vision Forum Releases Twenty Treasured Volumes from the Most Influential and Distinctively Christian Writer of Boys' Adventure Literature of the Nineteenth Century

He was perhaps the most influential writer of boys' literature of his generation. He was also a devout Christian of the Scottish Covenanter kind and the only outspoken advocate for Christian boyhood to have had a monument paid for and dedicated in his honor by grateful children who loved his stories.

His name was Robert M. Ballantyne. He not only inspired a generation of writers to take up their pens in defense of the ideals of biblical manhood, but he changed the lives of hundreds of thousands of boys for the better with his

globe-trekking adventure stories that emphasized Christian character in the face of adversity. In fact, in the twentieth century, many publishers declined to carry Ballantyne because of his strong biblical emphasis.

As a featured addition to our catalog, Vision Forum is pleased to offer R.M. Ballantyne to twenty-first century children. Our Ballantyne Christian Adventure Library comes complete with the faith-affirming Christianity of the original volumes, just as intended by the author.

“R.M. Ballantyne was born into Edinburgh’s great 19th-century publishing elite. His family firm published both Walter Scott and Thomas Chalmers. No wonder he knew how to spin a classic yarn! His prodigious output of nearly a hundred adventure stories was the natural fruit of the rich Scottish legacy of unbridled courage, undaunted chivalry, literary excellence, Christian virtue, and global vision. May they inspire the next generation to do justice, love mercy, and walk humbly with the Lord.”

G.A. HENTY

"My husband discovered G.A. Henty's books when our children were young, and he read them to our son each night before bedtime. . . . [O]ur son read them to his sons, and one of those sons has another son who will hear them, also. God bless

Vision Forum!"

—MRS. AMELANG

WHEN YOUR SON picks up a G.A. Henty historical novel, he will travel back in time to some of the greatest events in the history of the world. He will rejoice with an ancient barbarian who receives Christ, ride with Lee through the battlefields of Virginia, travel with Conquistadors to distant lands, and watch the fall of the Temple of Jerusalem. Most importantly, he will see the world through the lens of predominately biblical Christianity, learning that men are to live a life of duty and sacrifice, and that God requires even little boys to act with nobility.

Once upon a time, these books could be found on the shelves of many great leaders, including Nobel Prize winners, historians, prime ministers, generals, and preachers. Now we are pleased to present our lineup of Henty books for today's readers. May these books inspire the next generation of American boys to be men of honor, courage, and steadfast faith in Christ.

"To be a true hero you must be a true Christian. To sum up then, heroism is largely based on two qualities—truthfulness and unselfishness, a readiness to put one's own pleasure aside for that of others, to be courteous to all, kind to those younger than yourself, helpful to your parents, even if helpfulness demands some slight sacrifice of your own pleasure. . . . You must remember that these two qualities are the sign of Christian heroism."

The Bible of the Reformers and Pilgrim Fathers

THE 1599 GENEVA BIBLE: CALVIN LEGACY EDITION

Americans owe much of our rich spiritual heritage to the Geneva Bible—the Scriptures carried by Plymouth Pilgrims and great reformers. This version of the Scriptures—first translated into English in 1560—created the conditions for a Christian reformation that transformed the world. In 1553, Bloody Mary’s vicious crusade against the Protestants in England drove scores of reformers to John Calvin’s Geneva. Gathering together, a team of these men produced a new English Bible based on the original languages and not beholden to any king or prelate—the 1560 Geneva Bible. Calvin himself endorsed this translation and would use it in his preaching.

The Geneva Bible’s impact would go far beyond Geneva, inspiring millions around the globe who championed self-government and civic virtue. Its mighty influence was manifest in the lives of Knox, Cromwell, and Shakespeare. And it was the 1599 Geneva Bible that the Pilgrims read as they arrived in the New World in 1620, deriving principles from its pages that helped lay the foundation stones of liberty in the Western Hemisphere. Vision Forum is pleased to offer the Calvin Legacy Edition 1599 Geneva Bible.

“The 1599 Geneva Bible was used by God to spread the blessings of reformation, liberty, freedom, and productivity throughout the English-speaking world four centuries ago. May He now be pleased to use its republication to do the same thing in our own day.”

—DR. GEORGE GRANT, FOUNDER,
KING’S MEADOW STUDY CENTER

Casebound in genuine leather with gold foil stamping, this special edition features a reproduction of an original letter from Calvin, along with a special introduction that highlights his legacy of reform. It also contains original cross references, study notes by reformers, modern spelling, and easy-to-read print. Includes FREE CD-ROM with searchable Bible text, Apocryphal books, and metrical Psalms.

Ancient Texts Confirm Bible History of World

THE SACRED AND PROFANE HISTORY OF THE WORLD

New!

Since the nineteenth century, higher critics have scoffed at the Bible’s chronology, adding tens of thousands of years to the history of the world. Back in print after 200 years, Dr. Shuckford’s *Sacred and Profane History* presupposes a young earth and dramatically weaves the historical accounts of the Bible and secular history together into one powerful narrative—from the Creation and Fall of Man to the Dissolution of the Assyrian Empire and the declension of the Kingdoms of Judah and Israel. This beautifully-crafted edition features a leather binding with gold-foil stamping and gold-gilded edges, and includes intricate fold-out maps of the ancient world, charts and graphs on the ages of the patriarchs, and more. This 4-volume hardback series reveals lost history and confirms the truthfulness of God’s Word. A valuable addition to any library. Includes free searchable CD-ROM. The Beautiful Girlhood COLLECTION

What a privilege to be the father of four precious daughters and husband to the greatest wife in the world. My constant prayer is that the Lord will continue to affirm them as women of God. This same prayer is the heart of our mission at Vision Forum. Since our founding in 1998, Vision Forum has been committed to the restoration of the Christian family. Our book catalog, our All-American Boy's Adventure Catalog, and the Beautiful Girlhood Collection are all designed to tackle different aspects of the cultural battle for the family.

We aspire, by the grace of God, to encourage the rebuilding of a culture of virtuous womanhood. In a world that frowns on femininity, that minimizes motherhood, and that belittles the beauty of being a true woman of God, we dare to believe that the

biblical vision for girlhood is a glorious vision. It is, in fact, a beautiful vision. It is a vision for purity and contentment, for faith and fortitude, for enthusiasm and industry, for heritage and home, and for joy and friendship. It is a vision so bright and so wonderful that it must be boldly proclaimed. We are here to proclaim it.

Amid a culture brimming with mixed messages, shallow and self-serving ideals, and depraved "role-models," may you and your precious daughters find the following pages to be a refreshing and edifying oasis of innocence. Girlhood is a very brief season in the life of a young lady.

Nurture it, protect it, and by God's grace, fill it with the principles and tools needed to make it truly beautiful.

Elsie Dinsmore

Elsie Dinsmore

By Martha Finley

In the nineteenth century, millions of readers learned the meaning of godly womanhood from a little girl named Elsie. Her commitment to principle in the midst of adversity and her passionate love for Jesus Christ were the theme of twenty-eight volumes spanning her life. These original twelve volumes are presented just as a young lady would have found them one hundred years ago. Over the last several years, I have heard hundreds of reports from homeschoolers and Christian families about the blessing these books have been in their lives. Elsie raises the standard of godly womanhood to new heights. Feminists will not be happy with Elsie. She is a God-honoring young woman who strives to solve problems while working through biblical authority structures. Hardback.

Visionary Daughterhood Displayed

By Anna Sofia and Elizabeth Botkin

Anna and Elizabeth Botkin offer vision for today's Christian women. While many ladies long for godly purpose in their lives, their bewilderment mounts when they observe broken homes, distant fathers, overwhelmed mothers, degrading college courses, and a lack of spiritual guidance—both at home and at church. Enter *So Much More*, a book by the Botkin ladies that offers practical, biblical solutions for the young woman who wants to rise above the savagely feminist culture of today and change it for the better. Their film, *Return of the Daughters*, paints a picture of hope by taking viewers into the homes of several young women who are pursuing a biblical approach to daughterhood, using their “in-between” years to pioneer a new culture of dignity, starting with the home. Learn the exciting life accomplishment that young women can have. Discover the power of the family unit and a picture of the home as the center of dominion work—education, ministry, evangelism, culture, entrepreneurialism, and hospitality. [F](#)

There is a sacred window of time in a boy's life when everything is possible: He can rescue the damsel in distress, explore America with Lewis and Clark, or cross the Atlantic with the Pilgrims. Tragically, this window is shrinking because our modern culture is at war with courageous boyhood. Many have forgotten what it means to be a boy and dream the noble dreams of youth.

The time has come to rebuild a culture of courageous boyhood. The All-American Boy's Adventure Catalog is one step on that journey. Within these pages, you will find inspirational gifts and concepts to build the character of a boy. Every toy, tool, and book has been carefully selected and designed to inspire and motivate boys to dream big dreams for the glory of God. Boys can demonstrate faith in the face of battle

with Sergeant York or build a treehouse with dad.

One of our goals is to demonstrate that the skills and experiences which historically made up the life of a boy were God-honoring vehicles for preparing him to be a man. He learns to explore because he is called to take dominion over the earth. He learns to emulate the lives of heroic Christians because he, too, is called to leadership.

Scripture is clear, "Where there is no vision, the people perish." Boys need vision. We humbly offer this catalog to you and the All-American boys in your family in the sincere hope that, together, we can rebuild a culture of courageous boyhood.

Best Creation Films

MOODY SCIENCE DVD COLLECTION, VOLUMES 1-19

When my first son was born, there was only one film series that I thoroughly trusted. I knew that these high-quality videos

would be free from bad attitudes, false philosophies, and noxious sounds. I also knew that the films would cultivate a taste for beauty, an appreciation for the natural world, a love of science, and a sound

perspective on the Creator. And they were fun, too!

These films truly capture the imagination of a child. Dr. Irwin Moon of Moody Science turned to the world of the Venus fly trap, secret technologies of ancient man, and many more mysteries of Creation to entertain and teach character. Hundreds of thousands of children, like my own, have grown up with the memorable stories documented in these wonderful films. Typical playing time: 28 mins. each. **F**

“One of the best investments for our homeschooling children. Not only are they timeless, since they point to the Creator, but they speak to all age levels—my children, ages 6-18, talk together about each video for hours after viewing it!”
